

CARE FOR WORK ENVIRONMENTS®

## One Solution™ Sidekick Foamer

The One Solution™ Sidekick Foamer is a versatile and convenient foaming, spraying, and rinsing system ideal for a wide variety of cleaning applications.

# One Solution™ Sidekick Foamer

## VERSATILE:

The One Solution™ Sidekick Foamer is an innovative and versatile foaming, spraying and rinsing system offering all of these functions in one device. Choose either the foaming or spraying nozzles to apply rich, clinging foam or spraying solution, then disengage the chemical supply to provide a thorough rinse using the Sidekick's integrated rinse function. Easily select either a wide-angle spraying pattern or a powerful jet-stream simply by rotating the rinse-pattern selector. The Sidekick Foamer is portable and mobile. There is no need to be tethered to the wall and there is no need to mount to a cart. Simply attach to a standard water hose and start cleaning.

## ECONOMICAL:

The One Solution™ Sidekick Foamer is part of State's One Solution™ dilution program which offers users safe, accurate and cost effective dispensing every time. The Sidekick utilizes adjustable dilution tips which provide precise dilution ratios ranging from 1:7 on the heavy side all the way to 1:256 on the light side. Its integrated pressure regulation technology assures that dilution is consistent and accurate even across a wide range of water pressures.
